

Client: Southern State Department of Education

State Department of Education was among the firsts to implement Oracle Exadata Database. These are designed to deliver extreme performance and scalability for all the database applications including Online Transaction Processing (OTLP), data warehousing (DW) and mixed workloads. Digitek resources helped implement Oracle Exadata for the State Agency. This included installation and configuration of Database and cloud control, implementation of Golden Gate replication, security options and other related features.

Technology: Oracle Exadata X2 boxes, OEM Cloud Control 12c, Auto service request, **Oracle Linux** 5.5, 5.7, Oracle 10g/11gR1/11gR2, HP-UX, Solaris, Windows, Oracle 11g RAC, 11g ASM, 11g OEM Grid Control, **Active Data Guard** with **DGMGRL**, **Golden Gate**, ETL, Business Intelligence
